

# **Part 21: Certification Procedures for Products and Parts**

## **Table of Contents**

Introduction

Legal Fine Print

Subpart A

- § 21.1 Applicability and definitions
- § 21.2 Falsification of applications, reports, or records
- § 21.3 Reporting of failures, malfunctions, and defects
- § 21.5 Airplane or Rotorcraft Flight Manual
- § 21.8 Approval of articles
- § 21.9 Replacement and modification articles

Subpart B

- § 21.11 Applicability
- § 21.20 Compliance with applicable requirements
- § 21.45 Privileges
- § 21.47 Transferability
- § 21.50 Instructions for continued airworthiness and manufacturer's maintenance manuals having airworthiness limitations sections
- § 21.53 Statement of conformity

Subpart D

- § 21.91 Applicability
- § 21.97 Approval of major changes in type design

Subpart E

- § 21.111 Applicability
- § 21.113 Requirement for supplemental type certificate
- § 21.117 Issue of supplemental type certificates
- § 21.119 Privileges

Subpart F

- § 21.121 Applicability
- § 21.122 Location of or change to manufacturing facilities
- § 21.123 Production under type certificate
- § 21.130 Statement of Conformity

Subpart G

- § 21.131 Applicability

- § 21.132 Eligibility
- § 21.133 Application
- § 21.135 Organization
- “Old” Quality Standard Requirements
- § 21.137 Quality system
- § 21.138 Quality manual
- § 21.139 Location of or change to manufacturing facilities
- § 21.140 Inspections and tests
- § 21.141 Issuance
- § 21.142 Production limitation record
- § 21.144 Transferability
- § 21.146 Responsibility of holder
- § 21.150 Changes in quality system

#### Subpart H

- § 21.171 Applicability
- § 21.183 Issue of standard airworthiness certificates for normal, utility, acrobatic, commuter, and transport category aircraft; manned free balloons; and special classes of aircraft
- § 21.185 Issue of airworthiness certificates for restricted category aircraft
- § 21.195 Experimental certificates: Aircraft to be used for market surveys, sales demonstrations, and customer crew training
- § 21.197 Special flight permits

#### Subpart I

#### Subpart J

#### Subpart K

- § 21.301 Applicability
- § 21.303 Application
- § 21.305 Organization
- § 21.307 Quality system
- § 21.308 Quality manual
- § 21.309 Location of or change to manufacturing facilities
- § 21.310 Inspections and tests
- § 21.320 Changes in quality system

#### Subpart L

- § 21.321 Applicability

- § 21.329 Issuance of export certificates of airworthiness
- § 21.331 Issuance of export airworthiness approvals for aircraft engines, propellers, and articles
- § 21.335 Responsibilities of exporters

#### Subpart N

- § 21.500 Acceptance of aircraft engines and propellers
- § 21.502 Acceptance of articles

#### Subpart O

- § 21.601 Applicability and definitions
- § 21.603 Application
- § 21.605 Organization
- § 21.607 Quality system
- § 21.608 Quality manual
- § 21.609 Location of or change to manufacturing facilities
- § 21.610 Inspections and tests
- § 21.611 Issuance
- § 21.613 Duration
- § 21.614 Transferability
- § 21.616 Responsibility of holder
- § 21.618 Approval for deviation
- § 21.619 Design changes
- § 21.620 Changes in quality system
- § 21.621 Issuance of letters of TSO design approval: import articles
