

ARSA Regulatory Compliance Training—Questions

Part 1: General Comprehension

Level 1: For anyone working in aviation

§ 145.203 Work performed at another location.

A certificated repair station may temporarily transport material, equipment, and personnel needed to perform maintenance, preventive maintenance, alterations, or certain specialized services on an article for which it is rated to a place other than the repair station's fixed location if the following requirements are met:

(a) The work is necessary due to a special circumstance, as determined by the FAA; or

(b) It is necessary to perform such work on a recurring basis, and the repair station's manual includes the procedures for accomplishing maintenance, preventive maintenance, alterations, or specialized services at a place other than the repair station's fixed location.

Question 1: A repair station may only perform maintenance or alterations at its fixed location.

A—True.

B—False.

Question 3: Working away from a fixed location is permissible under special circumstances.

A—True.

B—False.

Question 2: A repair station may temporarily perform specialized services on an article away a fixed location regardless of rating.

A—True.

B—False.

Question 4: If it is necessary to perform work away from a fixed location on a recurring basis, the repair station's manual must appropriate procedures for accomplishing the work.

A—True.

B—False.

Clearly Print the Name of the Person Taking the Test

Date _____
Date Test was Completed

Score _____
Enter as x (number correct) of y (number of questions)

Hours _____
Time Credited for Test

Approved by _____
Signature of Supervisor or Person Administering Test

ARSA Regulatory Compliance Training—Answers

§ 145.203 Work performed at another location.

A certificated repair station may temporarily transport material, equipment, and personnel needed to perform maintenance, preventive maintenance, alterations, or certain specialized services on an article for which it is rated to a place other than the repair station's fixed location if the following requirements are met:

(a) The work is necessary due to a special circumstance, as determined by the FAA; or

(b) It is necessary to perform such work on a recurring basis, and the repair station's manual includes the procedures for accomplishing maintenance, preventive maintenance, alterations, or specialized services at a place other than the repair station's fixed location.

Question 1: A repair station may only perform maintenance or alterations at its fixed location.

A—True.

B—False. (If certain conditions are met, a repair station may temporarily transport material, equipment, and personnel needed to work away from its fixed location.)

Question 3: Working away from a fixed location is permissible under special circumstances.

A—True. (A repair station may work away from its fixed location when the work is necessary due to a special circumstance, as determined by the FAA.)

B—False.

Question 2: A repair station may temporarily perform specialized services on an article away a fixed location regardless of rating.

A—True.

B—False. (A repair station may only perform maintenance, preventive maintenance, alterations, or certain specialized services on an article for which it is rated.)

Question 4: If it is necessary to perform work away from a fixed location on a recurring basis, the repair station's manual must contain appropriate procedures for accomplishing the work.

A—True. (In such cases, the repair station's manual must include the procedures for accomplishing maintenance, preventive maintenance, alterations, or specialized services at a place other than the repair station's fixed location.)

B—False.
