

Why Should I Attend?

AIA's Supplier Management Council brings together more than 120 of the industry's leading supply chain executives from system integrators and manufacturers at every level. Participants include:

- President
- CEO
- Chief Risk Officer
- Vice President, Business Development
- Vice President, Supply Chain Management
- Vice President, Procurement
- Director, Supply Chain Strategy & architecture
- Director, Strategic Sourcing
- Senior Director, Advanced Operations and Services
- Director, Technical Excellence
- And many more!

Open to both Full Members and Associate Members, the council's mission is to:

- Integrate and focus the collective capabilities of the supply chain to exert unique influence in the formation of strategy, policy, and regulations
- Enable the U.S. aerospace and defense industry to successfully compete in the global market
- Support the industry to be profitable
- Strengthen the U.S. position as the world leader

Benefits of attendance:

- Engage in business-to-business meetings with the host company (UPS)
- Network with other manufacturing, distribution and supply chain professionals
- Pursue new business/RFP opportunities
- Hear from expert panels and speakers from across the industry and government
- Stay on top of the latest industry trends and innovations
- Visit aerospace supply chain facilities to get a firsthand look at best-in-class supply chain methods
