

# ARSA Regulatory Compliance Training—Questions

Part 65: CERTIFICATION: AIRMEN OTHER THAN FLIGHT CREWMEMBERS

Subpart E: Repairmen  
Level 1: For anyone working in aviation

## § 65.103 Repairman certificate: Privileges and limitations.

- (a) A certificated repairman may perform or supervise the maintenance, preventive maintenance, or alteration of aircraft or aircraft components appropriate to the job for which the repairman was employed and certificated, but only in connection with duties for the certificate holder by whom the repairman was employed and recommended.
- (b) A certificated repairman may not perform or supervise duties under the repairman certificate unless the repairman understands the current instructions of the certificate holder by whom the repairman is employed and the manufacturer's instructions for continued airworthiness relating to the specific operations concerned.
- (c) This section does not apply to the holder of a repairman certificate (light-sport aircraft) while that repairman is performing work under that certificate.

## § 65.105 Display of certificate.

Each person who holds a repairman certificate shall keep it within the immediate area where he normally exercises the privileges of the certificate and shall present it for inspection upon the request of the Administrator or an authorized representative of the National Transportation Safety Board, or of any Federal, State, or local law enforcement officer.

**Question 1:** A certificated repairman may perform or supervise any maintenance or alteration of aircraft or aircraft components.

- A: True.
- B: False.

**Question 2:** All certificated repairmen must keep their certificate in a secure area of their personal residence and shall present that certificate upon request by an appropriate official.

- A: True.
- B: False.

**Question 3:** The privileges and limitations of § 65.103 apply to all repairman certificates.

- A: True.
- B: False.

**Question 4:** A certificated repairman needs to understand the current instructions of the certificate holder by whom the repairman is employed or the manufacturer's instructions for continued airworthiness relating to the specific operations concerned in order to perform or supervise duties under her/his certificate.

- A: True.
- B: False.

# ARSA Regulatory Compliance Training—Answers

Part **65**: CERTIFICATION: AIRMEN OTHER THAN FLIGHT CREWMEMBERS

Subpart **E**: Repairmen  
Level **1**: For anyone working in aviation

## § **65.103** Repairman certificate: Privileges and limitations.

- (a) A certificated repairman may perform or supervise the maintenance, preventive maintenance, or alteration of aircraft or aircraft components appropriate to the job for which the repairman was employed and certificated, but only in connection with duties for the certificate holder by whom the repairman was employed and recommended.
- (b) A certificated repairman may not perform or supervise duties under the repairman certificate unless the repairman understands the current instructions of the certificate holder by whom the repairman is employed and the manufacturer's instructions for continued airworthiness relating to the specific operations concerned.
- (c) This section does not apply to the holder of a repairman certificate (light-sport aircraft) while that repairman is performing work under that certificate.

## § **65.105** Display of certificate.

Each person who holds a repairman certificate shall keep it within the immediate area where he normally exercises the privileges of the certificate and shall present it for inspection upon the request of the Administrator or an authorized representative of the National Transportation Safety Board, or of any Federal, State, or local law enforcement officer.

**Question 1:** A certificated repairman may perform or supervise any maintenance or alteration of aircraft or aircraft components.

- A: True.
- B: **False.** Under § **65.103(a)** a certificated repairman may perform tasks appropriate to the job for which s/he is employed and certificated, but only in connection with duties for the certificate holder by whom s/he is employed and was recommended.

**Question 3:** The privileges and limitations of § **65.103** apply to all repairman certificates.

- A: True.
- B: **False.** § **65.103(c)** states that this section does not apply to holders of a repairman certificate (light-sport aircraft) when they are performing work under that certificate.

**Question 2:** All certificated repairmen must keep their certificate in a secure area of their personal residence and shall present that certificate upon request by an appropriate official.

- A: True.
- B: **False.** In accordance with § **65.105**, each person who holds a repairman certificate must keep that certificate within the immediate area where s/he normally exercises its privileges and ready for presentation if requested.

**Question 4:** A certificated repairman needs to understand the current instructions of the certificate holder by whom the repairman is employed or the manufacturer's instructions for continued airworthiness relating to the specific operations concerned in order to perform or supervise duties under her/his certificate.

- A: True.
- B: **False.** Under § **65.103(b)**, certificated repairmen have to understand BOTH the current instructions of the certificate holder by whom they are employed AND the manufacturer's instructions for continued airworthiness in order to exercise their privileges.
