

**2017 FAA Asia Pacific Bilateral Partners (APAC) Dialogue
Industry Day - March 30, 2017 | Long Beach, California, USA**

Rev: 2017-02-10A

Thursday, March 30, 2017– APAC Partners Meeting – Industry Day		
8:00 – 9:00	Registration and Networking Breakfast	
9:00 – 9:20	Welcome and Opening Remarks	Dorenda Baker, Director, Aircraft Certification, FAA TBD: Industry Moderator
9:20 – 9:30	Introduction of Participants	All – Moderated by Industry Rep.
9:30 – 10:00	Authorities Report	FAA/CAAC /..... <i>NOTE: Industry to identify priority topics/questions of interest from authority agenda to focus this briefing</i>
10:00 -10:30	Evolving Business Models and Need for Flexibility <i>Speakers: TBD, industry & authority</i>	<i>The design, production and continuing operational safety of aviation products is supported throughout the life cycle by evolving business models in supplier relationships, company partnerships and joint ventures. Are we ready to support the future of aviation? Industry and authority perspectives on issues such as;</i> <ul style="list-style-type: none"> • <i>Globalization of Design & Production - Multi-national supplier compliance activities and authority approvals for type design and airworthiness certification</i> • <i>Split type design and production & other licensing arrangements</i> • <i>Need for Flexibility in ICAO and State aviation safety system</i>
10:30 – 11:00	Break	
11:00 – 12:30	Validations Experiences and Opportunities for Authorities and Industry to Streamline Processes <i>Moderator: TBD, industry Panelists: TBD, Product manufacturer US TBD, Product manufacturer APAC TBD, STC manufacturer TBD, Authority (i.e. NZ ref the draft ICAO paper on validation principles)</i>	<i>International aviation cooperation among authorities enhances safety and economic trade by focusing airworthiness activities and limited government resources to facilitate timely and efficient exchange of aviation products and services in the global marketplace.</i> <ul style="list-style-type: none"> • <i>Validation experiences, best practices and opportunities for authorities and industry to streamline processes</i> • <i>Case study of validation principles and initiatives (i.e. risk based decision making, level of involvement, continuum of safety , etc)</i>
12:30 -1:30	Lunch	

**2017 FAA Asia Pacific Bilateral Partners (APAC) Dialogue
Industry Day - March 30, 2017 | Long Beach, California, USA**

<p>1: 30- 2:15</p>	<p>Aircraft Airworthiness - a Collaborative Effort</p> <p><i>Speakers: TBD, aircraft/ engine manufacturer TBD, STC equipment manufacturer TBD, Authority (i.e. CASA Australia)</i></p>	<p><i>The aviation system achieves significant safety through collaborative efforts of authorities and industry in establishing appropriate airworthiness and operational safety standards and robust compliance and safety management systems. Manufacturers ensure safety and airworthiness of aviation products throughout the product life cycle through initial airworthiness and continued operational safety activities.</i></p> <ul style="list-style-type: none"> • <i>Manufacturer continued operational safety programs and industry best practices</i> • <i>Operations airworthiness maintenance programs and industry best practices</i> • <i>Facilitating safety enhancements in the existing fleet</i>
<p>2:15 – 3:00</p>	<p>Aviation Industry Global Manufacturing – Establishing & Maintaining Supply Base Relationships</p> <p><i>Speaker: TBD, Aircraft OEM</i></p>	<p><i>Significant interest by many APAC authorities and their respective industry in opportunities to grow manufacturing supplier engagement in aviation products</i></p> <ul style="list-style-type: none"> • <i>Overview of global supply base for aviation products</i> • <i>Technical and business considerations/decisions for supplier relationships</i> • <i>Key elements and processes for supplier relationships</i> <ul style="list-style-type: none"> ○ <i>Identification, assessment & selection</i> ○ <i>Business arrangements (legal, financial, risk, etc)</i> ○ <i>Oversight, maintenance and growth</i>
<p>3:00 – 3:30</p>	<p>Break</p>	
<p>3:30 – 4:30</p>	<p>How Can Industry Best work with the APAC Members? - Industry/Authority dialogue and Q&A</p> <p><i>Moderator: TBD, industry Panelists: TBD, manufacturer US TBD, manufacturer APAC TBD, FAA TBD, APAC Authority</i></p>	<p><i>This panel will draw from the day's sessions and facilitate discussion on key issues/challenges, opportunities and proposed initiatives for how industry and APAC members can best work together to facilitate more effective and efficient exchange of aviation products and services.</i></p> <ul style="list-style-type: none"> • <i>Industry & Authority best practices (i.e. Performance metrics: ODA scorecard experience; FAA & Industry Guide to Product Certification, Safety Management Systems, etc)</i> • <i>Q&A - This session will proactively engage audience stakeholders and request participation in the dialogue and to ask questions of the panel – participants will be invited to submit questions in advance during breaks/lunch</i>
<p>4:30 – 4:45</p>	<p>Closing Remarks</p>	<p><i>Dorenda Baker Industry Moderator</i></p>
