

ARSA Regulatory Compliance Training—Questions

Part **65**: CERTIFICATION: AIRMEN OTHER THAN FLIGHT CREWMEMBERS

Subject **D**: Mechanics

Level **1**: For anyone working in aviation

§ **65.77** Experience requirements

§ **65.80** Certificated aviation maintenance technician school students

§ **65.77** - Experience requirements.

Each applicant for a mechanic certificate or rating must present either an appropriate graduation certificate or certificate of completion from a certificated aviation maintenance technician school or documentary evidence, satisfactory to the Administrator, of—

- (a) At least 18 months of practical experience with the procedures, practices, materials, tools, machine tools, and equipment generally used in constructing, maintaining, or altering airframes, or powerplants appropriate to the rating sought; or
- (b) At least 30 months of practical experience concurrently performing the duties appropriate to both the airframe and powerplant ratings.

§ **65.80** - Certificated aviation maintenance technician school students.

Whenever an aviation maintenance technician school certificated under part [147](#) of this chapter shows to an FAA inspector that any of its students has made satisfactory progress at the school and is prepared to take the oral and practical tests prescribed by § [65.79](#), that student may take those tests during the final subjects of his training in the approved curriculum, before he meets the applicable experience requirements of § [65.77](#) and before he passes each section of the written test prescribed by § [65.75](#).

Question 1: An applicant for a mechanic certificate must present the FAA documentary evidence of previous practical experience.

- A: True.
- B: False.

Question 2: An applicant for a mechanic certificate must present the FAA an appropriate graduation certificate or certificate of completion from an aviation maintenance technician school.

- A: True.
- B: False.

Question 3: If an aviation maintenance technician school shows an FAA inspector that a student has made satisfactory progress, an applicant can take the oral and practical tests before meeting § [65.77](#) experience requirements.

- A: True.
- B: False.

Question 4: An applicant for a mechanic certificate must present evidence that both § [65.77\(a\)](#) and [\(b\)](#) are completed before the experience requirement is met.

- A: True.
- B: False.

Name and/or Identification _____

Clearly Print the Name and/or Identification of the Person Taking the Test

Date _____

Date Test was Completed

Score _____

Enter as x (number correct) of y (number of questions)

Hours _____

Time Credited for Test

Approved by _____

Signature of Supervisor or Person Administering Test

ARSA Regulatory Compliance Training—Answers

Part **65**: CERTIFICATION: AIRMEN OTHER THAN FLIGHT CREWMEMBERS

Subpart **D**: Mechanics

Level **1**: For anyone working in aviation

§ **65.77** Experience requirements

§ **65.80** Certificated aviation maintenance technician school students

§ **65.77** - Experience requirements.

Each applicant for a mechanic certificate or rating must present either an appropriate graduation certificate or certificate of completion from a certificated aviation maintenance technician school or documentary evidence, satisfactory to the Administrator, of—

- (a) At least 18 months of practical experience with the procedures, practices, materials, tools, machine tools, and equipment generally used in constructing, maintaining, or altering airframes, or powerplants appropriate to the rating sought; or
- (b) At least 30 months of practical experience concurrently performing the duties appropriate to both the airframe and powerplant ratings.

§ **65.80** - Certificated aviation maintenance technician school students.

Whenever an aviation maintenance technician school certificated under part **147** of this chapter shows to an FAA inspector that any of its students has made satisfactory progress at the school and is prepared to take the oral and practical tests prescribed by § **65.79**, that student may take those tests during the final subjects of his training in the approved curriculum, before he meets the applicable experience requirements of § **65.77** and before he passes each section of the written test prescribed by § **65.75**.

Question 1: An applicant for a mechanic certificate must present the FAA documentary evidence of previous practical experience.

A: True.

B: **False. Under § **65.77**, an applicant may present an appropriate graduation certificate or certificate of completion from a certificated aviation maintenance technician school in lieu of documentary evidence of practical experience.**

Question 2: An applicant for a mechanic certificate must present the FAA an appropriate graduation certificate or certificate of completion from an aviation maintenance technician school.

A: **False. Evidence of the required practical experience will suffice as long as documentation is satisfactory to the Administrator.**

B: False.

Question 3: If an aviation maintenance technician school shows an FAA inspector that a student has made satisfactory progress, an applicant can take the oral and practical tests before meeting § **65.77** experience requirements.

A: **True. Under § **65.80**, an applicant—deemed adequately prepared by an aviation maintenance technician school—may take the oral and practical tests during the final subjects of his training, prior to receiving a graduation certificate or certificate of completion.**

B: False.

Question 4: An applicant for a mechanic certificate must present evidence that both § **65.77(a)** and § **65.77(b)** are completed before the experience requirement is met.

A: True.

B: **False. An applicant may present an appropriate graduation certificate or certificate of completion from a certificated aviation maintenance technician school in lieu of documentary evidence of practical experience provided for in **65.77(a)** and **(b)**.**
