QUICK QUESTIONS

[Quick Question Returned – SMS Implementation](#)

In 2019, ARSA submitted comments to EASA’s Notice of Proposed Amendment regarding Safety Management System requirements.

INDUSTRY NEWS

[Aviation Coalition Asks FAA for More Time on 5G Retrofits](#)

In a [joint letter](#) sent this morning to top federal officials—including the heads of the U.S. Department of Transportation and the FAA—the coalition said the deadlines to retrofit the nation’s entire fleet of regional and cargo aircraft with upgraded radar altimeters by December 2022 and the overall deadline of July 2023 was not achievable and requested that signal interference mitigations be extended through the end of 2023.

[Azul Linhas Aéreas Adds Three Additional A330neo to Fleet](#)

The A330neo is a member of Airbus’ leading Widebody Family that provides lower operating costs and reduced environmental footprint by combining enhanced technologies from the A350 with highly efficient Rolls-Royce Trent 7000 engines.

[FAA Extending Aircraft Registration Period to Seven Years](#)

The FAA is releasing a rule next week that will extend the duration of aircraft registration certificates from three years to seven years.

U.S. Airports See Low-key Climate Protests

Following protests in Europe last week staged against private aviation, similar events on a lesser scale disrupted activities at several U.S. airports in California, New Jersey, North Carolina, and Washington state.

Dogs on a Plane: Flight with More Than 50 Hounds on Board Makes Emergency Landing at Wisconsin Golf Course

The incident occurred around 9 a.m. at the Western Lakes Golf Club in Pewaukee, according to the Waukesha County Sheriff's Department.

Product Showcase

Taking Aviation by Storm

Serving as the hub that brings six brands together, Tempest Aero Group offers sales and marketing support to our affiliate companies – Tempest®, Alcor®, Marvel-Schebler®, Precision Airmotive®, Consolidated Fuel Systems™ and Stratus Tool Technologies™ – all who serve as independent companies and brands with manufacturing facilities in Burlington, NC, San Antonio, TX and Arlington, WA.

The Doc is In: Charles Taylor

Mr. Taylor was an amazing and creative technician.

That Time Of Year... GAMA Releases 3Q/22 A/C Shipment-Billing Report

The aircraft manufacturing industry's results for the first nine months of 2022, when compared to the same period in 2021, point to increasing aircraft deliveries across all segments along with an increase in the overall value of the aircraft shipments.

Collins Selected to Participate in Multiple EU Clean Aviation Projects

Collins Aerospace has been selected to participate in seven projects under the European Union's [Clean Aviation Joint Undertaking](#).

Q3 2022 GA Aircraft Shipments Up Across All Segments

Total airplane billings rose 4.8 percent to \$14.1 billion and total helicopter billings went up 5.3 percent to \$2.6 billion.

[ALPA Objects to ‘Alarming Increase’ in U.S. Visas for Pilots](#)

The most recent complaint stems from the removal of a clause in the Department of Transportation's approval of a joint venture agreement between Delta Air Lines and LATAM that ALPA claims ensured U.S. pilots and other workers “a fair and equitable share of growth in flying.”

Product Showcase

[Chromalloy LifeX® Parts & Repairs](#)

Our innovative LifeX repairs and solutions increase the yield of critical engine parts, so you have fewer parts to replace and realize savings on each shop visit. If a replacement is required, our FAA certified and industry proven LifeX parts provide further operational and economic value. With 70 years of experience, Chromalloy has the engineering expertise to deliver solutions that make a measurable difference for our customers.
